

School of Science and Technology – Corpus Christi Local Wellness Policy

School of Science and Technology -CC

School of Science and Technology School's (School of Science and Technology - Discovery) shall follow nutrition guidelines that advance student health and reduce childhood obesity and shall promote the general wellness of all students through nutrition education, physical activity, and other school based activities.

Nutrition Education

The school shall implement, in accordance with law, a coordinated health program with a nutrition education component and shall use health course curriculum that emphasizes the importance of proper nutrition.

In addition, the district establishes the following goals for nutrition education.

- Students will receive nutrition education that fosters the adoption and maintenance of healthy eating behaviors.
- Nutrition education will be a district wide priority and will be integrated into other areas of the curriculum, as appropriate.
- Staff responsible for nutrition education will be adequately prepared and will participate in professional development activities to effectively deliver the program as planned.
- The Child Nutrition staff, teachers, and other school personnel will coordinate the promotion of nutrition messages in the cafeteria, the classroom, and other appropriate settings.
- Educational nutrition information will be shared with families and the general public to positively influence the health of students and community members.

Physical Activity

The district shall implement, in accordance with law, a coordinated health program with physical education and physical activity components and shall offer at least the required amount of physical activity for all grades.

In addition, the district establishes the following goals for physical activity:

1. The district will provide an environment that fosters safe and enjoyable fitness activities for all students, including those who are not participating in competitive sports.
2. Physical education classes will regularly emphasize moderate to vigorous activity.

3. The district will encourage teachers to integrate physical activity into the academic curriculum where appropriate.
4. The district will encourage parents to support their children's participation, to be active role models, and to include physical activity in family events.

School Based Activities

The district shall create an environment conducive to healthy eating and physical activity through implementation of the following policies.

- Students shall be allowed sufficient time to eat meals.
- The lunchroom facilities shall be safe, clean, and visually promote a message of healthy eating and wellness.
- Students shall have access to free potable water during mealtimes. The water may be provided through water fountains inside or directly adjacent to the cafeteria, water dispenser, or water pitcher and cups.
- Nutrition and physical activity shall be promoted to students and their families at suitable school sponsored events.
- The school may do a fundraiser at any time during the school day (midnight – 30 minutes after the end of school) as long as the food sold is compliant to Smart Snacks.
- The school will follow Texas guidelines and have six exempt days per school. This means on those designated days, the schools can conduct food-related fundraisers that may or may not comply to Smart Snacks. Three of the six designated days will be used as school party days.
- Student's may celebrate their birthdays at school by bringing a snack that is compliant with Smart Snacks or store-purchased mini-cupcakes, mini-muffins, cookies, or non-food items. These items will be passed out the last ten minutes of the school day to enjoy at dismissal.

Nutrition Guidelines for All Foods Available

The nutrition guidelines for foods served by the district during the school day shall be adequate to advance students health and reduce childhood obesity and shall meet or exceed federal regulations and guidance, and that all foods available on each campus are in accordance with Texas Department of Agriculture policy and school-established standards.

Guidelines for Reimbursable Meals

The district shall ensure that nutrition guidelines for reimbursable school meals shall be at least as restrictive as federal regulations and guidance and that all foods available on each campus are in accordance with the Texas Department of Agriculture regulations.

Measuring implementation

The Superintendent or designee shall oversee the implementation of this policy and shall develop administrative procedures for periodically measuring the implementation of the wellness policy. The Wellness Committee will conduct a yearly review of implementation, with the results published on the schools' websites.

Committee Members

The district shall also seek to involve parents, students, representatives of the school food authority, the Board, administrators, physical education teachers, school health professionals, and the public in the continued development and implementation of this school wellness policy.

Wellness Policy Yearly Assessment

Nutrition Education

Glows:

- School menus are nutritious and health, abiding by all guidelines put in place.
- Health class is taught in grades K-8
- Posters are hung in cafeteria with new and exciting menu additions.
- Monthly menu fun items are planned by the catering company: i.e. Italian, Mexican, Asian
- Nutrition info is sent out in Wednesday mail

Grows:

- Some students still complain of food being bland and having no flavor.

Physical Activity

Glows:

- Students in grades K-5 get daily recess
- Students in all grade levels participate in PE, including Fitness Gram for rigorous activity
- Exercise info is sent out in Wednesday mail

Grows:

- Gym for better PE time

School Based Activities

Glows:

- Students are provided with a 30 minute lunch time in a clean and safe cafeteria
- Water fountains are available in the cafeteria for water.
- Hand washing sink is available in the cafeteria to students for proper hand washing before eating.
- Food fundraisers were only completed on "exempt" days.
- Students in all grade levels were allowed to bring mini-cupcakes, cookies, or other non-food items to celebrate birthdays.
- Exempt days were used for party days: Halloween, last day before winter break, last day of school.

Grows:

- More activities based around fitness are needed for fundraisers. i.e. 5k walk/run

Nutrition Guidelines for All Foods Available

Glow:

- The food served during lunch time is straight serve for all students. Meets all guidelines. Other foods/drinks are not sold and are not offered during the school day for purchase.

Grows:

- Find a way to fundraise using Smart Snack foods.

Guidelines for Reimbursable Meals

Glow:

- All reimbursable meals meet federal regulations.

Measuring Implementation

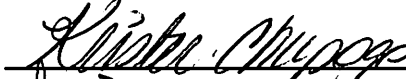

Glow:

- Goals can be seen carried out in Wednesday Mail, in calendars for recess/PE, in state mandated curriculum.

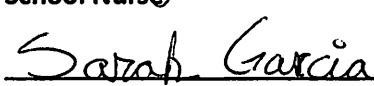

Grows:

- Add more student based activities to also work around fitness and nutrition.
